1. Please express my appreciation and that of the NFIP Program Managers, their offices, and the Intelligence Community Staff for the outstanding support provided by the Office of Logistics, Printing and Photography Division (P&PD) during the process of publishing the FY 1983 Congressional Budget Justification Books (CBB). As was the case last year, the professional advice we received from P&PD was superb, and the dedication of the unit to produce a high-quality product on time was instrumental in our meeting the deadline set by Congress.

2. The hard work and support of  made a significant contribution to the production of the 13 Volumes of FY 1983 NFIP Congressional Budget Justification Books. We look forward to working with them again next year.
